

# TM200C

Sectional Insulated Steel Door

**THE SAME GREAT QUALITY AND DURABILITY YOU GET FROM ALL THERMASEAL MODELS, WITH THE ADDED BENEFIT OF 13 TRENDY AND TIMELESS COLORS TO CHOOSE FROM.**

*The swatches shown on monitors and printed materials may vary from the actual color. For a true representation of the color, visit your local Raynor Dealer.*

- Sections are evenly filled using a computer-controlled continuous process with a CFC free NeuFoam™ polyurethane insulation
- NeuFoam™ insulation is zero-ozone depleting and provides higher thermal properties which result in significant energy savings
- Cavity-free, uniform insulation ensures excellent adhesion to the sheet metal, resulting in an exceptional strength to weight ratio that qualifies for a wide range of applications
- Raynor's trademark full WeatherLock™ perimeter weather sealing system
- Sections fabricated from pre-painted, hot dipped galvanized steel sheets with rigid polyurethane insulation core, face sheet stucco embossed and pencil groove
- Sections feature a thermal break between the interior and exterior steel skin
- Authorized Dealers and Installers located in over 40 countries around the globe; retrofit and individual door section replacements available up to 20'2"

# Product Specifications
